

GRIPPS®

H01110 BULL BAG - 113KG/249LB

With an impressive 113kg / 250lb load-rating, the GRIPPS® Bull Bag distinguishes itself with its unparalleled design and features. Manufactured from heavy-duty, water-resistant dual-layer tarpaulin, and equipped with feet on the base to minimise wear and tear, this new design ensures durability and longevity.

Enhancing usability, the bag now features a clear Nylon TPU-coated top closure, complete with a secure zip with an auto-locking zip slider, allowing ample light to illuminate the contents within its vibrant red interior. Additionally, a load-rated aluminium carabiner is included for securing the bag when working at height.
